# Toddler Oasis with Sand Desk

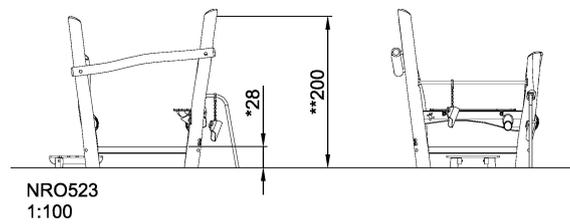

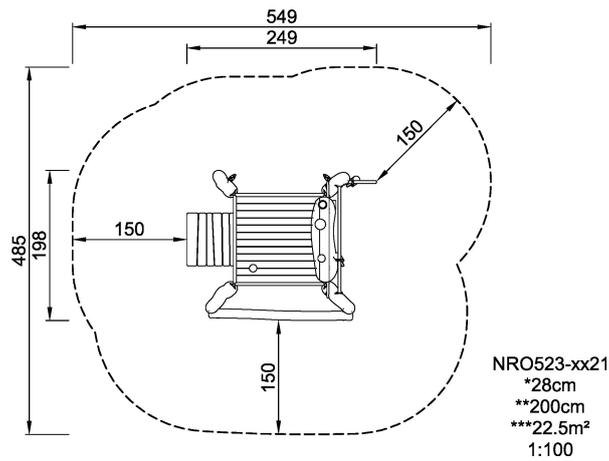

This lovely sand play unit invites hours of explorative play with its sand funnel, sand scoops and little sand holders in the counter. The funnel leads sand or other play materials to the other side - an eternal source of wonder for the youngest. The sand play unit can cater for smaller groups of children providing, sorting or selling materials they have found or created. The explorative play supports children's cognitive-creative development as well as their fine motor skills. The podium is a roomy, elevated platform. Product is available as FSC® Certified (FSC® C004450) robinia wood on request.
