

## Product technical sheet

# FITNESS 1152

14+

< 140 kg

14,9 m2

## Product data

|                                |              |
|--------------------------------|--------------|
| Length                         | 141 cm       |
| Width                          | 88 cm        |
| Total height                   | 208 cm       |
| Age group                      | 14+ years    |
| Maximum weight of user         | 140 kg       |
| Safety zone                    | 14,9 m2      |
| Free fall height               | 108 cm       |
| Weight of the heaviest part    | 17,5 kg      |
| Dimensions of the largest part | 43x20x150 cm |
| Availability of spare parts    | YES          |
| Installation time              | 1 h          |
| Color options                  |              |

## Amount of safe surface corresponding with free fall height:

|         |                     |
|---------|---------------------|
| HIC <60 | 1,2 m <sup>2</sup>  |
| HIC 108 | 13,7 m <sup>2</sup> |

Data is subject to change without prior notice.

## Surfaces according to EN

|                                                  | Description (mm)               | Layer thickness (cm) | Maximum fall height (cm) |
|--------------------------------------------------|--------------------------------|----------------------|--------------------------|
| Concrete / stone / bituminous surfaces (A, B, C) | -                              | -                    | ≤100                     |
| outer soil layer (A,B,C)                         | -                              | -                    | ≤120                     |
| Turf (A,B,C)                                     | -                              | -                    | ≤150                     |
| bark (A,C)                                       | Particle size from 20 to 80    | 30                   | ≤200                     |
|                                                  |                                | 40                   | ≤300                     |
| wood shavings/cuttings (A, C)                    | Particle size from 5 to 30     | 30                   | ≤200                     |
|                                                  |                                | 40                   | ≤300                     |
| sand (A,C)                                       | Particle size from 0,2 to 2 mm | 30                   | ≤200                     |
|                                                  |                                | 40                   | ≤300                     |
| gravel (A,C)                                     | Particle size from 2 to 8      | 30                   | ≤200                     |
|                                                  |                                | 40                   | ≤300                     |
| attested synthetic (A, B, C)                     | Tested according to EN 1177    |                      | 108                      |
