

COR10110

Mini Spacenet + Bridge

The Mini Spacenet with extensions is a bouncy, transparent play event that intensely motivates children to climb up high. The feeling of achievement when having climbed to the top is phenomenal. It will attract children again and again. Climbing or swaying in the bouncy net with pendel seats is challenging. It trains the motor skills' ABC: Agility, Balance and Coordination. Major muscle groups get used when children climb here: arms push and pull, legs push and the core provides stability. The membranes invite breaks and children's social-emotional skills, such as courage and self regulation get trained in the net.

Product Line	Corocord™ rope playground
Category	Spacenets™
Age group	3+
Max. fall height (CM)	120
Total height (CM)	385
Safety Zone	78.8 m2
