

COR10150
Agility Package 15

The Amusement Net attracts curiosity with its exciting and multifunctional structure. Elements such as a hammock and the membrane serving as a spacious hammock allow children to rest and socialize after the fun and challenging climb or the acrobat exercises in the somersault bars. The varied climbing nets ensure that children of a wide age span can climb successfully. Climbing the amusement net supports children's cross coordination and balance, important for their ability to sit still and concentrate. The many horizontal nets invite breaks. This makes the amusement net a highly versatile play piece that both invite physical activity and encourages children to socialize and cooperate, which positively affects their social-emotional development.

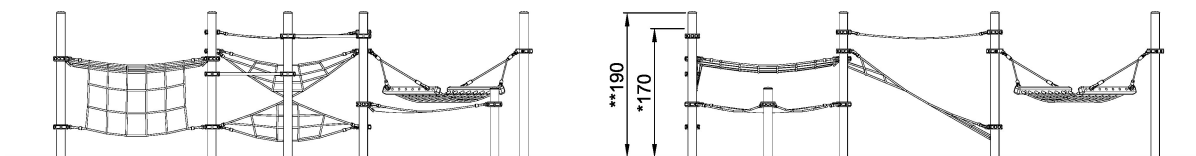

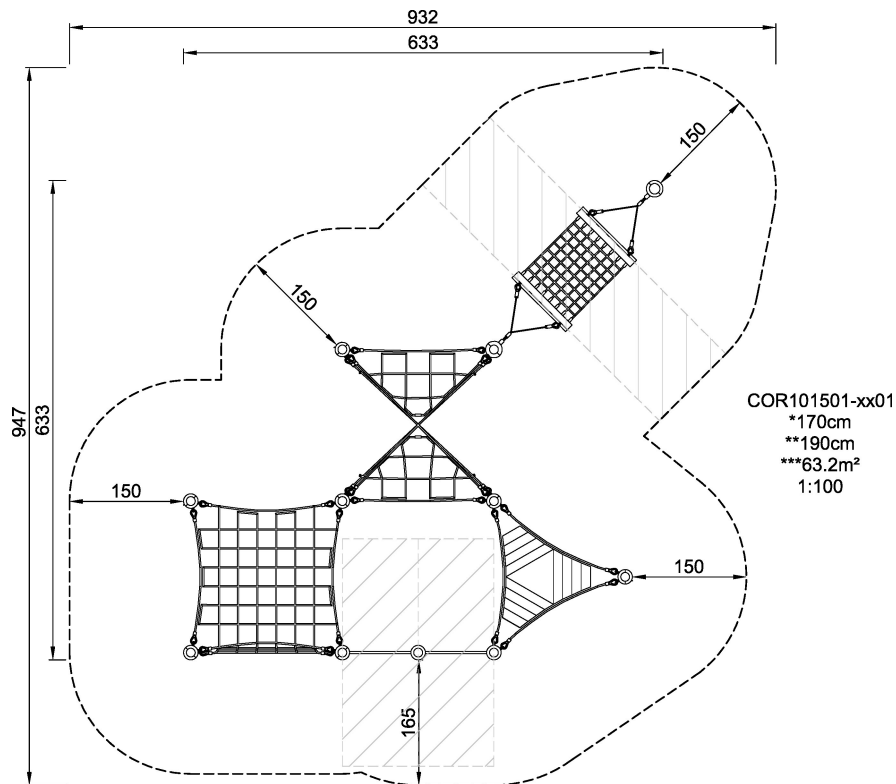

Product Line	Corocord™ rope playground
Category	Agility Nets
Age group	3+
Max. fall height (CM)	170
Total height (CM)	190
Safety Zone	63.2 m2
