Let's play

The Large Amusement Nets with Grasblades provide thrilling, responsive challenges for the children. The variety of play activities make them want to come back again and again for more fun. The nets are a big trim trail supporting e.g. ?the ground is made of lava?. Lots of responsive, swaying and bouncing nets demand concentrated movement, adjusting for different rhythms of climbing. The nets train agility, balance and coordination skills. Apart from being great fun, the Pendel seats, the Sputnik in the middle of the structure, the horizontal net and the coconut rope allow children to take a break or cooperate. This develops important social-emotional skills such as turn-taking, helping and sharing.
