## Circite flowite

The Circite Flowite net environment with its whimsical nature themes, break-out points and sound elements appeals immensely to young children. It invites endless playful exploration, again and again. The rich variation of climbing and bouncing stimulates the cross-body coordination and sense of balance. The ground level meeting and bouncing points invite all users. The Circite Flowite is an open design, allowing for communication across the structure. The Membrane den in the middle of the structure is an evident destination point, which further motivates climbing and adds a central meeting point for nurturing friendships or taking a break. The varied climbing: stable and bouncy, train important motor skills such as proprioception and cross-body coordination. The heights train spatial awareness, all skills fundamental for e.g. managing traffic safely.

<b>Product Line</b>	Corocord™ rope playground
<b>Category</b>	Frame Nets
<b>Age group</b>	3+
<b>Max. fall height (CM)</b>	300
<b>Total height (CM)</b>	326
<b>Safety Zone</b>	53 m2
