

The Medite with Add-Ons intensely motivates children to climb, again and again and want to come back. The feeling of achievement when having climbed to the top is phenomenal. Climbing and swaying on the bouncy nets with rubber seats train the motor skills' ABC: Agility, Balance and Coordination. Major muscle groups get used when children climb in the net. The swaying play ropes train balance ? a motor skill which is fundamental for children's ability to sit still and concentrate. The slide is a great way down, making an irresistible loop of climbing up and sliding down, training turn taking. The membranes are thrilling destinations up high and stimulate children's social-emotional skills, such as courage and self regulation. Ground level access is provided with the slightly tilting side nets, training proprioception and cross-coordination. All in all, a climbing event for the whole family.

Product Line	Corocord™ rope playground
Category	Frame Nets
Age group	5+
Max. fall height (CM)	174
Total height (CM)	446
Safety Zone	74.1 m2

COR105131
1:100

* = Highest designated play surface.
** = Total height of product.

Weight/heaviest parts	kg.	Installation (Manpower)	Persons
