

COR17200
Mega Frisbee

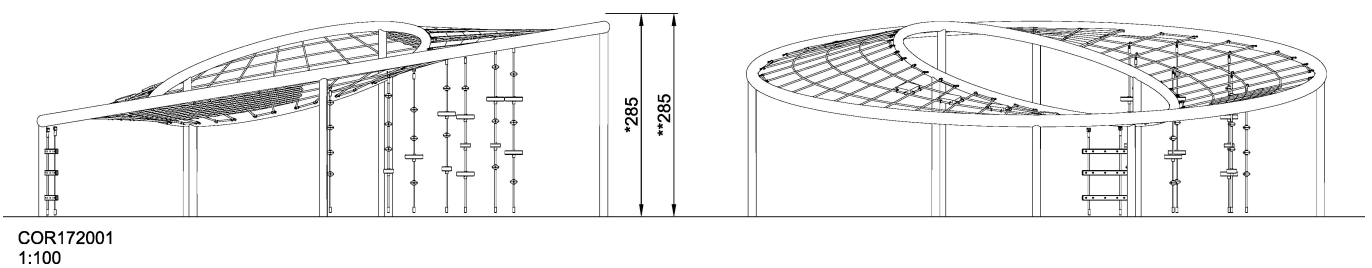

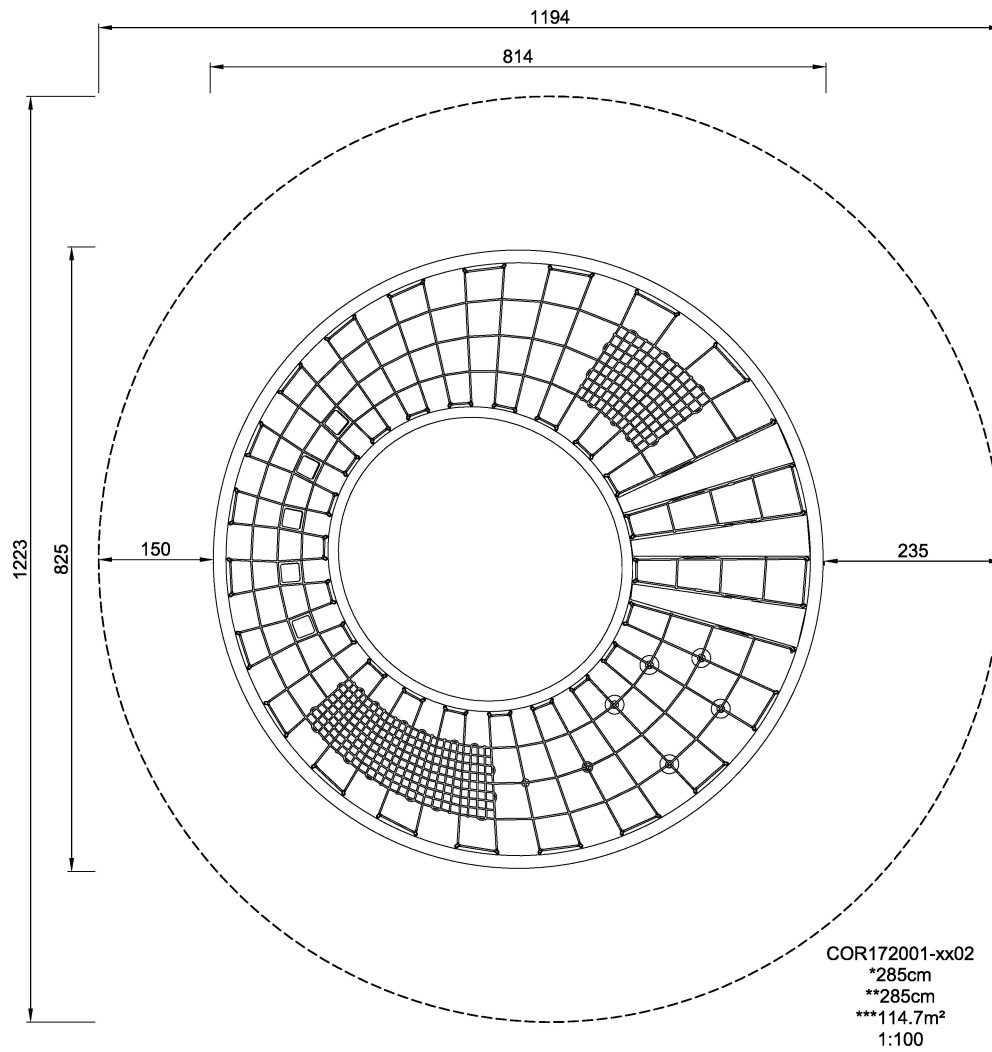

The Mega Frisbee is an awesome event for any playground. It sets new play standards with its unique, curved form and rich variety of climbing. It will attract children and families again and again. On top of the Mega Frisbee there is ample room for socializing and exchange ? or just for enjoying the view. Climbing to the top apart from being great fun stimulates important social-emotional skills such as courage and self regulation. The transparency of the nets affords a stomach-tickling feeling of height. The varied climbing activities train muscle strength and motor skills: cross-body coordination, proprioception and spatial awareness. These positively affect among others children's ability to judge distances, which is crucial in for instance navigating traffic. The swaying ropes on ground level offer a way of climbing, sitting and socializing on ground level also ? an asset for younger users.

Product Line	Corocord™ rope playground
Category	Loops
Age group	5+
Max. fall height (CM)	285
Total height (CM)	285
Safety Zone	114.7 m2

IN-
GROU.

* = Highest designated play surface.
** = Total height of product.

Weight/heaviest parts	kg.	Installation (Manpower)	Persons
Concrete required	NaN m ³	Installation (Hours)	Hours
