

The Medite offers a wild climbing experience in three-dimensional nets. The meandering, bouncy climbing paths appeal immensely to children. The thrilling heights and transparency of action attract children again and again and make them want to come back. The bouncy, symmetric net cubes take concentration when climbing, as all the movements of other climbers can be sensed throughout. At this height that means risk assessment and concentration. Social inter-action and stimulation of cooperation is encouraged here. The nets train important motor skills such as proprioception, spatial awareness and cross-body coordination. These skills are fundamental for risk assessment when for instance judging and navigating traffic securely. The rich climbing experiences from bottom to top invite all users and offer graded challenge in play, which means high play capacity.

<b>Product Line</b>	Corocord™ rope playground
<b>Category</b>	Frame Nets
<b>Age group</b>	5+
<b>Max. fall height (CM)</b>	165
<b>Total height (CM)</b>	446
<b>Safety Zone</b>	51.7 m2

**ASTM**

\* = Highest designated play surface.
