**Spinner Bowl**

This wildly or mildly spinning piece with its cute rounded design evokes squeals of joy when children rotate again and again. With its easily accessible, tilted spinning bowl it invites children of all abilities and a wide age span to play. The small footprint allows for placing 2-3 Spinner Bowls together, encouraging social play. The variety of play opportunities: sitting in, on edge of, pushing, pulling or even standing in the spinner bowl makes for a long-time attraction. The tilted bowl allows the child to adjust the spinning speed with its body movements. This trains the logical thinking: to speed up by scooping up or slow down by spreading arms and legs out. Spinner Bowls train the sense of balance, which is mandatory for concentration skills and the ability to sit still. Pushing or being pushed by others trains social/emotional skills such as turn-taking.
