

FAZ30401

PU Steel Step, 80 cm

The step is one of the simplest yet highly versatile of training tools - so many exercises can be done with it, from simple step ups to plyometric jumps. Regular sessions will provide both cardiovascular and muscular endurance. Incorporating upper and lower body movements will improve balance and agility, and the constant push-up onto the step will increase leg strength.

Product Line	Outdoor Fitness
Category	Cross Training
Age group	13+
Max. fall height (CM)	76
Total height (CM)	76
Safety Zone	10.5 m2
