KOMPAN[®]
Let's play

Wood Plastic Composite (WPC) has the same texture and appearance as wood. It is maintenance-free and environmental friendly. WPC fits perfectly into a natural environment. The fully flat inside gives the best bounce experience when playing. The flat wall becomes a part of the game and adds a new dimension to it. A dimension that can challenge and develop players' tactical vision of the game. The 3 m x 2 m Multi Goal follows the goal size of FIFA Futsal and IHF Handball regulations. The basketball hoop is placed at the official NBA height of 305 cm, and has the official NBA size of 46 cm in diameter.
