# Obstacle Course - 368m2

This solution is the ultimate obstacle course inspired by traditional military and extreme race obstacle courses. You will run, jump, crawl, climb and need to keep your balance. What is different to the military version is that you do not need to be super fit to have fun on this obstacle course. All obstacles offer both easy and difficult exercises so that everyone can do a full lap, or several, at their own level and in their own time.
