# Play tower with swing 2,5m, alu posts & full steel slide

**KOMPAN**<sup>®</sup>  
Let's play

This play tower offers the perfect combination of climbing, swinging and sliding which is a great recipe for great fun for school age children. The platform with the slide can be entered by the climbing wall and from the platform a stomach-tickling slide ride takes the child back to the ground. The swing is great fun and a feature that can be used by all generations, seated, lying on the stomach or standing.
