Sit up bench - Power Bike

KOMPAN
Let's play

The Sit Up Bench provides a comfortable place to perform a known exercise to the fullest. We've tilted it slightly backwards and provided a supporting arm to help you maintain the optimal position during the exercise. The Power Bike is perfect if you are looking to improve your fitness and health. It offers no resistance which allows you to personally define the intensity of the exercise. The equipment is available with hot dipped galvanized surface treatment and optional powder coated top layer in silver grey color RAL9007. If requested a curved roof can be added to the center pole.
