Two Bay Swing (100cm Birds Nest Nest + 2 seats) H=2,5m, std. seats

KOMPAN[®]
Let's play

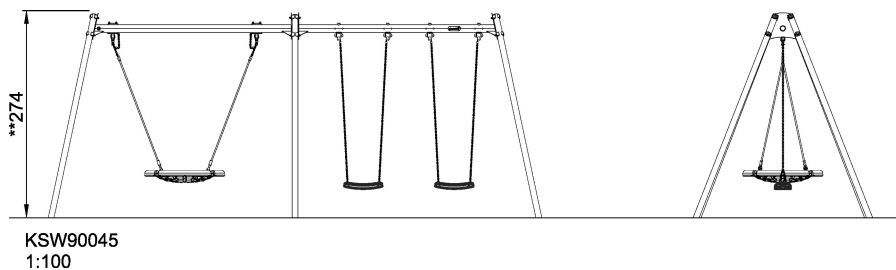

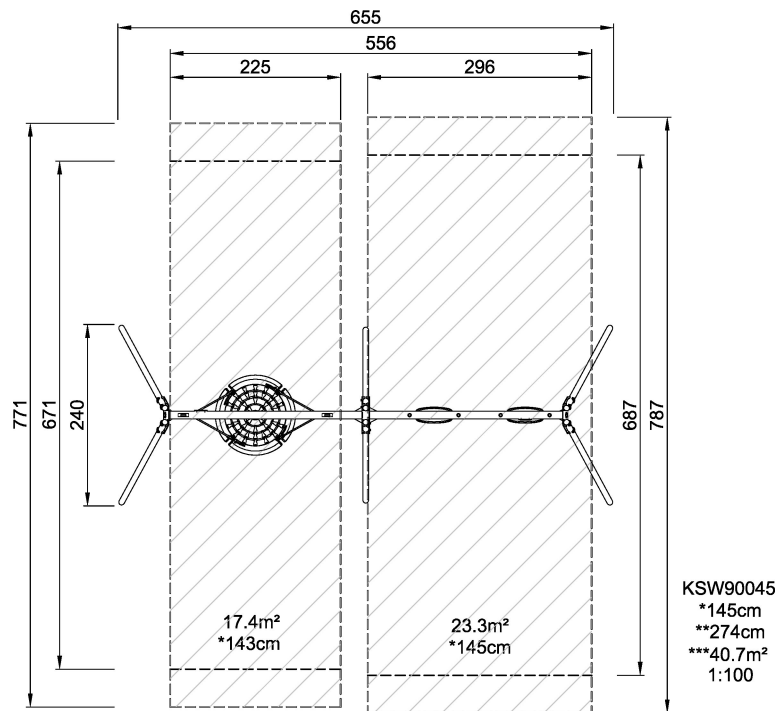

Of all the play activities, swinging is a favorite: children love it, as it can be done individually and together. This swing set combines that joy and adds the possibility of different body positions and group sizes with two single swing seats and one nest swing seat. A great place to play, for all ages, for hours and days. Swinging apart from being great fun, trains the children's ABC: agility, balance and coordination as well as their spatial awareness. These motor skills are crucial to being able to judge distances and navigate, traffic safely. Swings allows for standing sitting, lying ? and not least jumping off. Apart from the motor skills training, this trains the arm, leg and core muscles. The jumping off builds bone density ? the majority of which is built up during the first years of life. And it's for all abilities here.
