Quartet Seesaw

KOMPAN[®]
Let's play

There is ample space for two friends to have a seesaw ride but as its name reveals, the Quartet Seesaw also has room for one or more of the friendly crowd to take a seesaw ride on the broad wings, sitting, kneeling or - if they are really feeling brave - standing. This equipment - like all the other spring-based items from KOMPAN - is featured with a special spring construction ensuring that even if a child suddenly stops and jumps off along the way, the other child will not be let down with a bump.
