

With a cosy house and a fully equipped fire-engine, the Home/Rescue theme can serve every purpose. Underneath there is shelter in two different spaces. One space for moving in with a family or a crew of fire fighters, and a smaller space under the climbing wall to hide and spy on the outside world. Climbing wall and net access invite climbers to choose their own way to reach the top. From the house a gentle slide is the way out, while fire fighters will choose the fire man's pole on the rescue side
