KOMPAN Little Mermaid and Ugly Duckling

The climbing wall and easy access invite climbers to choose their own way to reach the top. The climbing wall challenges children's problem solving abilities and is suitable for different skill levels - the left side is an easier route than the right. There is a fun slide leaving from the ship side and on balcony on the other side children can quickly slide down the fireman's pole descending from the castle. Children will be delighted to find to different shelters underneath the structure, one where they can look out of the pearl window or play within the farm shop or the dens on at the other end of the structure also having a little bench. The bench can be used as a counter for constructive play or as a place to just sit. The Ugly Duckling facade has a waste number manipulative element like a small scale, nest with moveable eggs and chicken. The ugly duckling with turntable wing and egg laying hens. The Little Mermaid facade holds numerous amount of manipulative elements like a crab that catches a starfish, gearing water flowers, and also tactile elements like rubber eel and Mermaid tail
