Data Sheet

# Equipment Information:

# Technical Information:

1 - School Fence

# Technical Characteristics:

## Panels

**HDPE:** Monocolour/bicolour high density polyethylene. It is a polymer so it is characterized by its resistance to corrosion and chemical products. By its capacity of elasticity and lightweight, it offers high resistance to impacts, and, therefore, very difficult to break. The synthetic base prevents grow of bacterias and fungus. No need for maintenance;

## Metal Parts

**Structure:** Steel mesh, rectangular pipe and sheet steel with anticorrosive treatment of hot dip galvanizing in accordance with EN ISO 1461. Gel type lacquer at 230 ° C with thickness ranging from 50 to 70µm, according to the UNE EN ISO 2808;

## Fixation System:

**Type B - Standard fixation system** composed by steel base screwed to the ground with steel anchors;

**Type C - Standard fixation system** composed by posts applied directly in the ground with concrete;

## Screws and accessories

**Screws:** Galvanized steel or optionally stainless steel AISI 304;

100% recyclable;
