# Track Ride Tower

**KOMPAN**<sup>®</sup>  
Let's play

The Track ride tower is a great ride, thrilling as the child glides down the track hanging in the arms, maybe only using one handle and sharing the other with a friend. The run back, delivering the the handle for the next child waiting makes this a highly active play event. In surveys this is a favourite among children. The access to the start platform is made easy by having a choice between the inclined rope ladder and a sturdy, inclined climbing wall. The product is available as FSC<sup>®</sup> Certified (FSC<sup>®</sup> C004450) robinia wood on request.
