

The Wizard's Double play tower ADA

The voluminous Wizard's Double Tower Fortress is an irresistible play attraction for children. With its varied play corners and diverse physical play activities it attracts children again and again, for a long time. The stairway with hammock makes a nice haven for children of all abilities. The slides are thrilling rides down, training core stability as the child sits upright when sliding. The variation of inclined wood and net accesses assist the child in climbing up in more or less challenging ways, training cross-coordination and leg, arm and core muscles. An inclined climb gives a bigger sense of security than a vertical one, thus inviting a range of children of varied abilities. The curly climber is a rotating and downward glide that stimulates balance as well as sense of space, both crucial in for instance managing traffic safely. The platforms on ground and elevated invite meetings and exchanges.

Product Line	Organic Robinia
Category	Multi play structures
Age group	4 - 12
Max. fall height (CM)	249
Total height (CM)	534
Safety Zone	77.5 m2

IN-
GROU.
