Toddler Oasis with Flower

KOMPAN[®]
Let's play

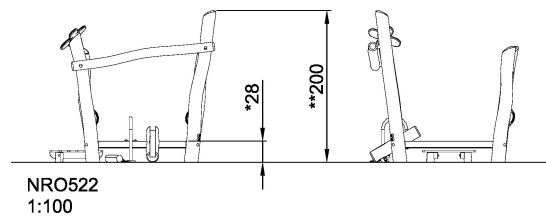

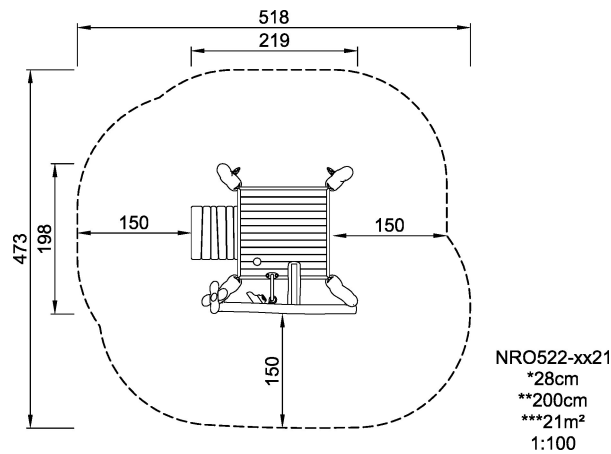

This lovely oasis with flower invites for explorative play with its sand and water channel, sand scoop and little sand hole in the podium for watering the flower. The little channel leads water, sand or other play materials to the ground - an eternal source of wonder for the youngest. The podium is a roomy, elevated platform for gathering, stepping upon or jumping from. For older children, the podium can make for a fine stage in the play-ground and be part of the children's games-with-rules as a start or end point for rules games. Product is available as FSC® Certified (FSC® C004450) robinia wood on request.
