Ayers Rock

Ayers Rock is awesome and attracts children from afar. Thanks to the wide variety of activities, it makes them come back again and again. Ayers Rock offers ample climbing for high numbers of active children. The tower is all play, the exterior is as climbable as the interior, making play possible inside-out and all around. This supports classic schoolyard games like the ground is lava. The varied climbing units: play shell, climbing walls, Jacob's ladder and tricking posts, train proprioception and cross-body coordination, which are fundamental, for e.g. children's mathematical understanding. The banister bars add a thrilling reward of gliding down. Apart from climbing, there are ample points for a break with friends: the swaying play shell under the platform is a gathering point for all.
