

The Mountaineer attracts toddlers again and again with its spacious, truly varied play events. There is a choice of physical activity, social activity and cognitive stimulation, for a range of users. The varied climbing possibilities - a membrane climber, horizontal net, play panel climbing wall and stairway - offer play on different levels with challenges and train cross-coordination and muscles. The bouncy membrane climber is a play event that responds to the child's movements, adding challenge and fun. The double slide is a social and thrilling event, that also trains the sense of balance and the core muscles. The vast amount of play panels and the talking tubes are attractive play exploration opportunities, that train dexterity as well as logical thinking with their many moveable and sound elements. There is varied play for all.
