

PCE2103 Mont Blanc

Mont Blanc looks impressive and offers varied, challenging play activities for school age children, encouraging them to stay for a long time, and return over and over again. A rich variation of climb up, balance over and slide down activities are eternally attractive and train muscles as well as important motor skills. The sturdy, bouncy rope climber, the swaying shell and the wobbly bridge, all offer the physical challenges and responses that children love. These events also develop the child's sense of balance and space, as well as their proprioception. These are all fundamental motor skills needed for managing life skills traffic safety. The many climb up events lead to a stomach-tickling slide and banister bars, great for training safe risk taking. The many ground level activities offer play for every-one. The transparent design invites all in.
