

PCE3050
Creator

The Creator is the ultimately versatile unit for the youngest players. The varied activities make them return again and again. All activities support the fundamental development of physical, social-emotional cognitive and creative skills. The bouncy and swaying rubber features are responsive, which toddlers love. In addition it trains the understanding of cause-and-effect and the turn-taking skills. The membrane bridge builds coordination and bone density when children jump. The net and monkey bars develop cross-coordination and upper body strength. The nice play corner and panels at ground level add sensory play events, such as music and sound, and promotes dexterity as well as logical thinking skills. Ground level transparent play events mean communication throughout and play for all abilities.
