Play Tower, Cognitive & Creative, ADA Stairs

This multi play house structure on poles makes a great offering for both the cognitive, creative, social and physical play development of the child. An ADA staircase, wide enough to room an assistant and with good grips in the side panels and the floors, leads the way to the house. The slide offers a stomach tickling ride down. From the roomy platform, carved windows, flowers and an eternally attractive bubble window, which distorts the voice when yelled into, create a fine play space.

Product Line	Multi play structures
Category	MOMENTS™ Preschool
Age group	2 - 8
Max. fall height (CM)	118
Total height (CM)	251
