

PCM100403

Play Tower, Physical

KOMPAN[®]
Let's play

This highly varied play structure offers an abundance of physical activity and a multi play house which can be accessed either by the inclined climbing wall with supportive smiley cleats or the wide net, which supports varied climbing with its masks big enough for climbing through, its supportive ladder and the small meshes for faster climbs. The play spheres in the net set destinations and add visually to the active radiance of the structure.
