Play Tower with Overhead Ladder, Physical, Fireman's Pole

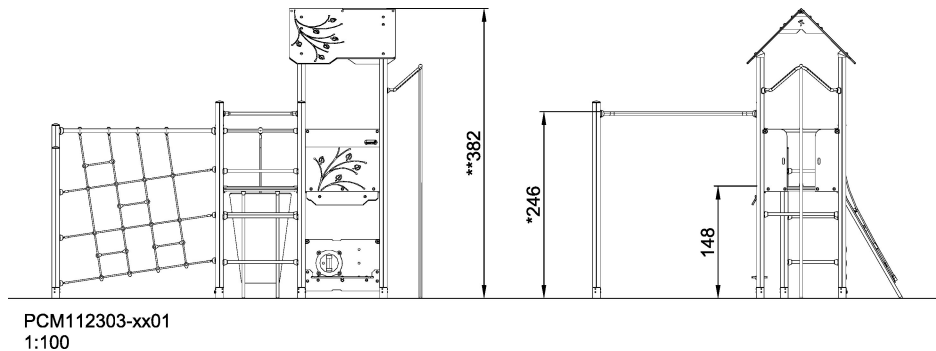

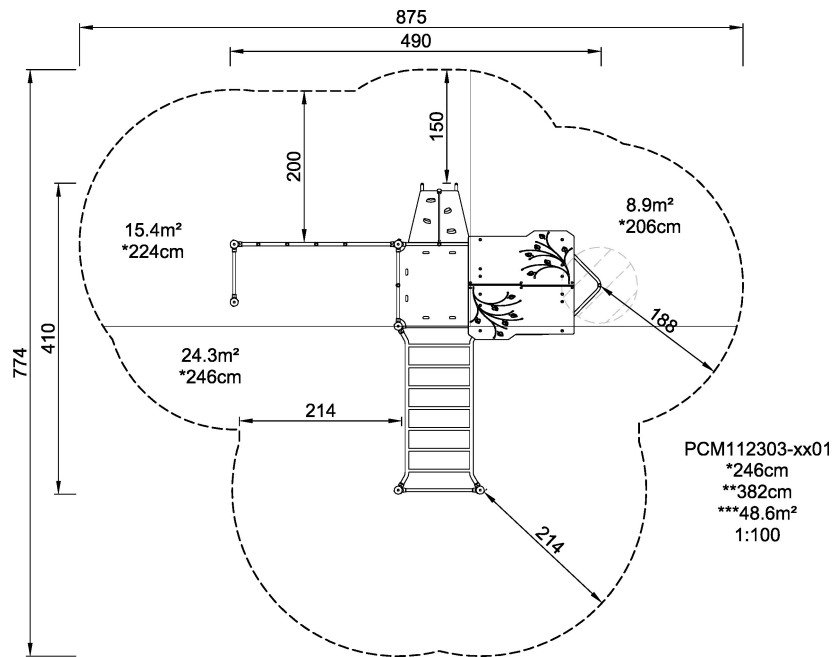

Climbing, sliding and using your upper body is extremely important for school age children. This play unit offers a variety of highly physical challenging activities, with room for a break also. There are various steel ladders to climb and not least, there is a huge climbing net with differently spaced and shaped meshes to invite both climbing up and down and climbing through, for a wide age span. The most challenging climb is to be found in the rappelling access: a highly demanding climb for upper body as well as lower body and core muscles. Once up on the platform the reward is either the dare devil fireman's pole back to the ground or the overhead ladder.

Product Line	Multi play structures
Category	MOMENTS™ School age
Age group	6 - 12
Max. fall height (CM)	246
Total height (CM)	382
Safety Zone	48.6 m2
