Double Tower with Tower Net, Physical, Plastic Slide, Inclusion

This play unit offers four variations of climbing and crawling: a wide, accessible stairway with nice seating possibilities for children, parents and care givers. A nice hourglass and tactile timers on the side of the stairway offers social play. Next to these a somersault bar offers a somersaulting movement and an elevated seat. If a more challenging way up is the tall, curved net, which offers a fast and a more challenging climb up. The big net meshes on the more challenging side allows the children to climb through as well. Once up on the platform of the tower, a thrilling slide or a set of dare devil banister bars offers a stomach tickling ride back to the ground.
