Triple Tower, Cognitive & Creative, ADA Stairs

KOMPAN[®]
Let's play

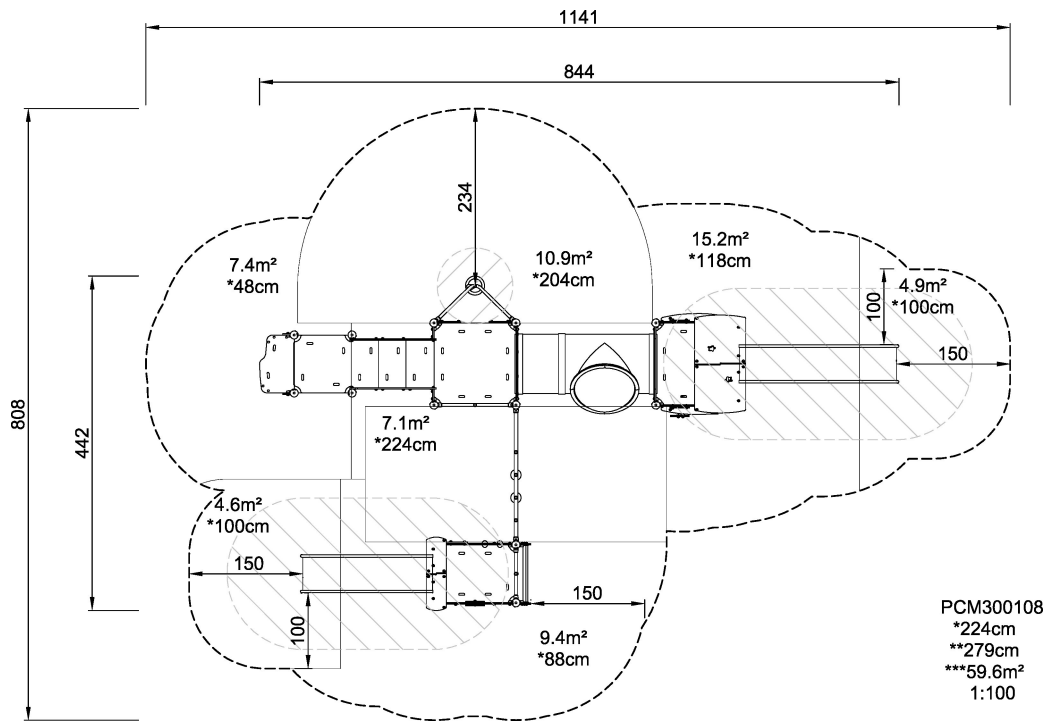

This three tower play structure offers creative and varied play for all. The lower house offers a nice rest and play with play spheres or a Count&Calculate panel in the sides, or, a stomach tickling slide ride back to the ground. Alternatively, the nice play net can be climbed to the next platform. The net allows for fast or slower climbs and big meshes on the one half allows for climbing through. The middle platform can also be reached via an ADA stairway, wide enough to allow for an assistant.
