

PCM300109

Triple Tower, Ultimate

KOMPAN[®]
Let's play

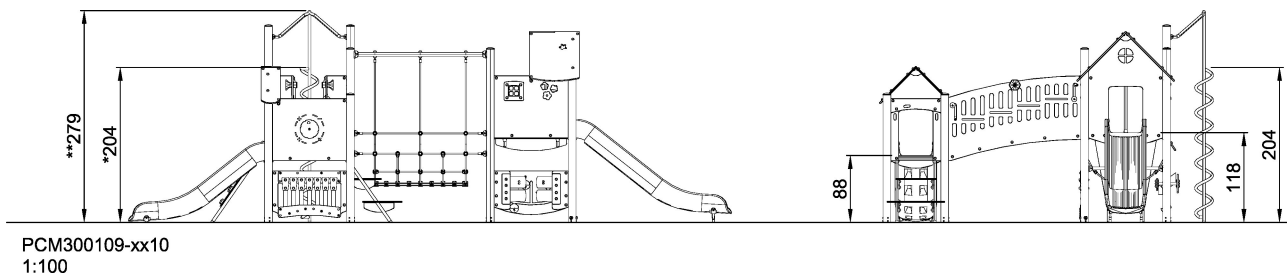

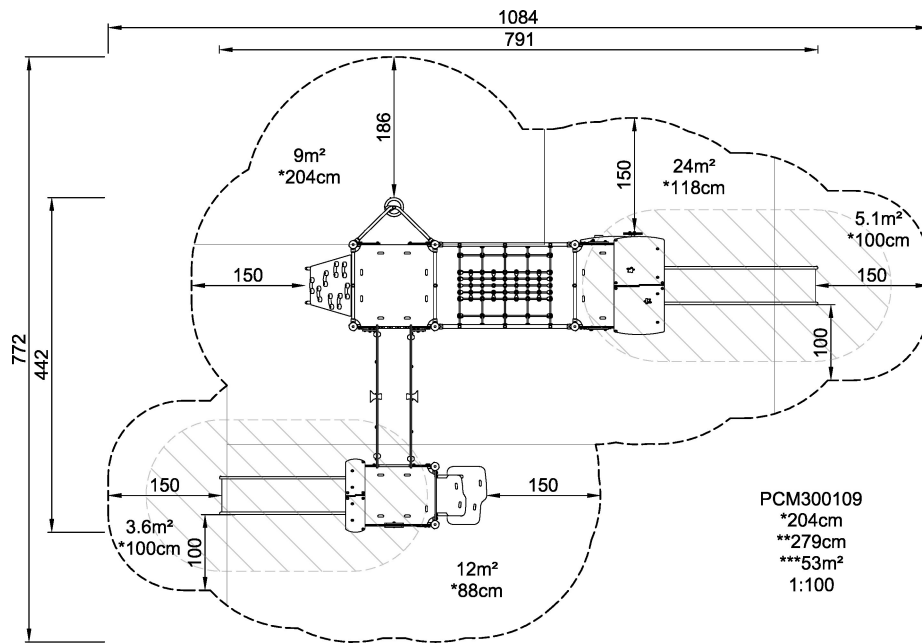

This great three tower play combination offers worlds of versatile play on elevated and ground level for a lot of children. A nice inclined platform stair takes the child securely onto the tower platform from which the child can play with the Count&Calculate panel or go down the slide. Another route out from the platform is up the bridge, spanning two levels and thus training the sense of balance and space. The middle platform offers a nice, rotating slide ride down the Curly Climber.
