# Four Tower, Physical, ADA Stairs

**KOMPAN**<sup>®</sup>  
Let's play

This is the ultimate play courtyard for physically and socially stimulating and varied play for all 2-6yearolds. Four towers, connected by varied links, support the younger as well as older children and give plenty of space for physical activity and playing together. An ADA stairway, also allowing space for an assistant, leads the child securely to the low platform from which it can take a tickling slide ride with a friend via the double slide back to ground level.
